SUMMARY

Motivated IT professional driven to contribute to a dynamic organization. Eager to utilize my skills, tackle challenges, and make a meaningful impact while advancing in my career.

WORK EXPERIENCE

Mysoftway Technology and IT Consultancy

Full Stack Developer Trainee

November 2023 - Present

- Designed and developed UI/UX for web applications with a focus on specialization.
- Utilized MySQL database management system to efficiently store and manage website data.

Full Stack Development Internship

August 2023 - October 2023

- Worked on web development technologies, with a focus on the Angular framework.
- Demonstrated problem-solving skills to identify and resolve technical challenges efficiently.

ATS Infotech

Data Science using Python Internship

December 2021

- Utilized basic Python and machine learning techniques for data preprocessing, analysis, and visualization.

EDUCATION

D.K.T.E Society's Textile & Engineering Institute, Ichalkaranji.

B.Tech Computer Science and Engineering - 8.12

August 2019 - July 2023

PROJECT

Cross Platform Application

- Technology: Angular, Ionic, TypeScript, HTML and CSS
- Developed a mobile app for agent-client communication and an admin panel for user management. Migrated paper-based workflows to a digital platform for real-time product lifecycle tracking and analysis.

Portfolio Website [🔗](#)

- Technology: React, HTML, CSS, JavaScript
- Built a personal portfolio with React, featuring interactive elements, responsive design, and smooth navigation to showcase skills and projects.

A2ZAdmission Portal

- Technology: Angular and Ionic Framework, Laravel
- A2ZAdmission is a platform that helps students navigate the college admission process, offering a seamless app for applicants and a user-friendly admin panel for managing applications and data.

SKILLS

- Programming Language : C, SQL
- Web Technologies : HTML, CSS, JavaScript, TypeScript
- Framework : Angular, Ionic, Bootstrap, React and Laravel (Basic)
- Database : MySQL
- Version Control : Git, GitHub
